WORK EXPERIENCES

June 2021 - Present

Software Engineer (Full Stack) at Ticon System Ltd.

2018-2019

Media & Communication Secretary-DIUFS

2019

LAB Prefect - Daffodil International University
Course: OS: LINUX

2017-2018

C Programming Mentor-at OYSTER

About Me

“ I'm a Full Stack Developer passionate about problem solving, building quality application system back-end , API's, efficient web application front-end and desktop application. I have 1+ year professional experience in software development. Currently working as a Software Engineer at Ticon System Limited. I always love working with a technically strong team where I can collaborate to solve complex problems with a good balance of responsibility. Coding is my passion and I love to do it.

Education

2017-2020

B.Sc. in Computer Science & Engineering-
Daffodil International University

2013-2016

HSC - Govt. K.M.H. Degree
College

2011-2013

SSC - Talsar Kazi Lutfor Rahman
Secondary School

Projects

Advanced B2B Networking System- **BusinessToGlobe**

Technologies Python, Django, MySQL, JavaScript, jQuery

Responsibilities Full Stack Developer – Backend, Django template programming, Cloud Deployment.

Rapigen – Hospital management & ML Detection

Technologies Python, Django MySQL, JavaScript, Machine Learning

Responsibilities Full Stack Developer - Backend, Django template programming, ML model Integration, Cloud Deployment.

Willy – AI Personal Assistant

Technologies Python, Django, MySQL, Rest Framework, Selenium, ML

Responsibilities Backend Developer – API Implementation, Automated web scraping, ML model integration, Cloud deployment.

Good Bridge – Border Device Monitoring (Korean Army)

Technologies Electron JS, JavaScript, JQuery, Python, Django, Rest Framework, MySQL.

Responsibilities Full Stack Developer - API Implementation, Desktop Application Development.

SOFT SKILLS

Critical thinking & Problem Solving

I always think Critically and try to solve any complex problem with proper solution which will work the best with efficiently

Analytical skills

I always evaluating and analyzing my client's wants and needs and be ready to adapt to any changes they'd like to see implemented on the application.

Reuseable & Clean Coding

I always write code which is clean, reuseable and easy to understand to the other developers.

OTHER

Programming Contest

 2019
